MINIMUM MONTHLY CHARGES: The minimum monthly charge shall be the Facilities Charge.

POWER COST ADJUSTMENT: The Cooperative buys wholesale power from the Bonneville Power Administration (BPA) through the Pacific Northwest Generating Cooperative (PNGC). BPA's contract contains a surcharge(s) that allows BPA to adjust its wholesale rates periodically. Should BPA or PNGC implement a surcharge(s) to raise or lower its wholesale power rates, the Cooperative's cost of wholesale power will be adjusted accordingly.

To compensate for an adjustment in wholesale power costs due to a surcharge(s), the Cooperative's retail rates may be adjusted to reflect the effect of the surcharge(s). Rate schedules may be adjusted by the percentage of surcharge(s) in each rate component so as to fully recover the amount of the adjustment during the months the surcharge(s) is in effect.
